Installation Instructions

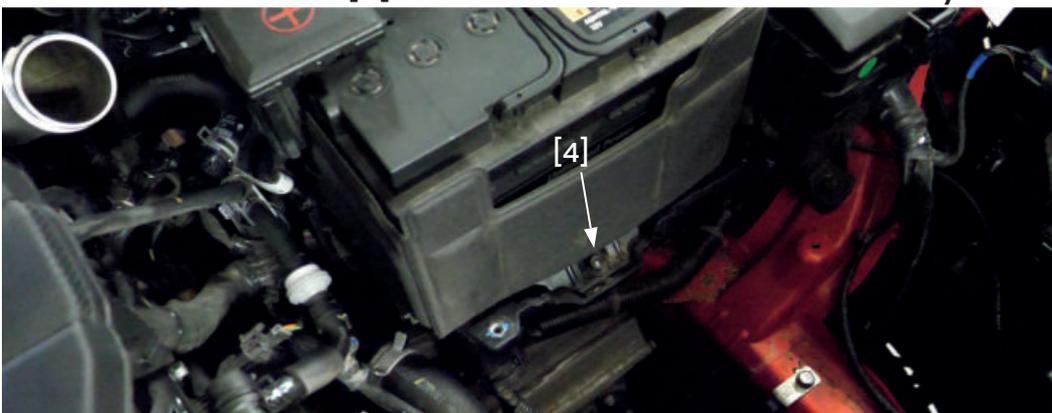

- Hyundai I30N

(We recommend that the installation be carried out by qualified specialists!)

1. Unlock 2x clips [1] of the intake by pressing lightly
2. Remove hose clamps [2] on the air filter box and on the turbocharger inlet.
3. Remove 3x tubes from the air intake tube and it itself
4. Remove screws from air filter box [3]
5. Remove air filter box

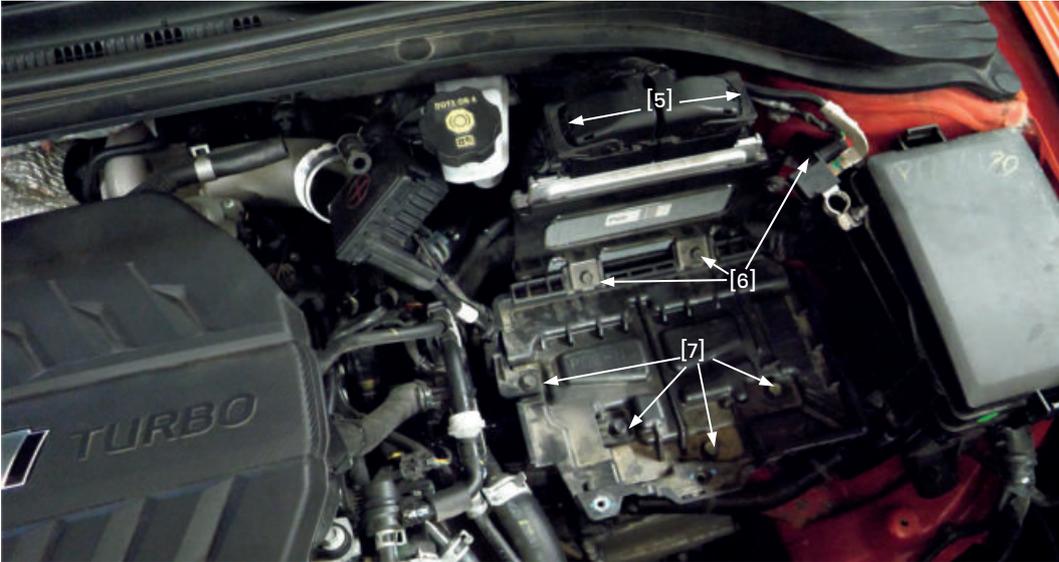

6. Remove the fastener [4] in the middle in front of the battery

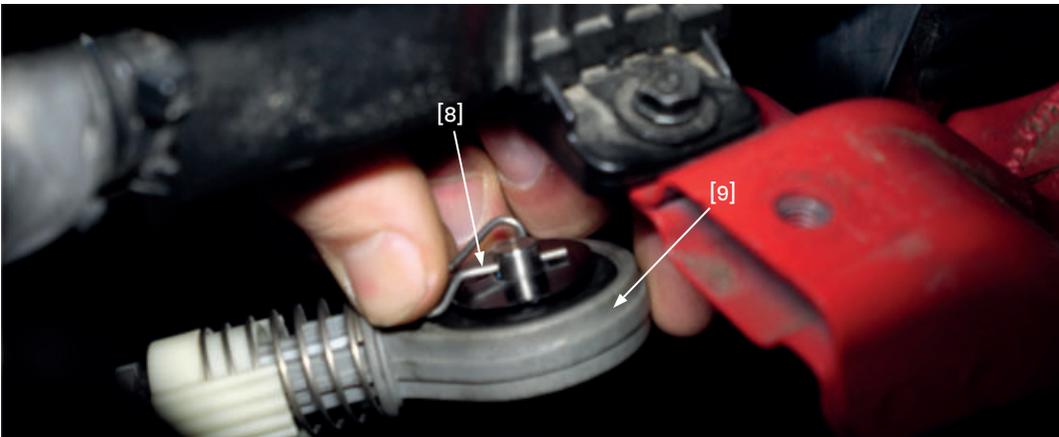

7. Ensure that the key is outside the car
8. Remove the minus pole of the battery and place it on its side (secure it against accidental contact)
9. Remove battery plus pole
10. Remove battery

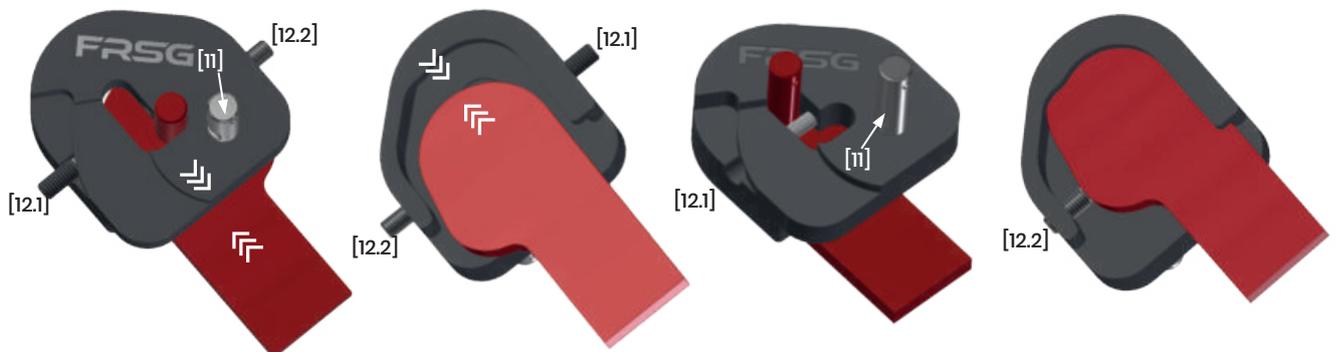

11. Unlock and remove engine control module connector [5]
12. Loosen screws on the motor control unit [6]
13. Remove engine control module (note static charging!)
14. Remove mounting plate for battery +engine control module [7]

15. Remove locking clip [8] on right shift cable
16. Carefully unhook the shift cable [9] upwards

17. Fasten the bolts [11] supplied in the Foresight short shifter
18. Place Foresight short shifter and slide into position [↔]
19. Fasten locking screws [12.1], then [12.2]
20. Place the shift cable on the new bolt
21. Fasten shift cable with safety clip

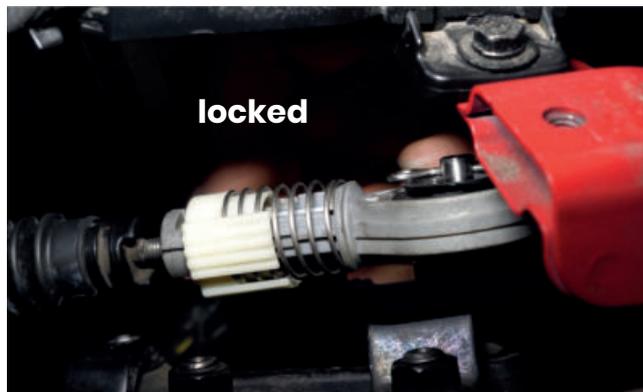

22. Check that all gears can be engaged without any problems and that the selector lever, in the interior of the vehicle, is in the center position

If the selector lever is in the center position -> Installation in reverse order

If the selector lever is not in the center position -> Follow setting instructions

22.1 Set gearbox to neutral position (neutral gear)

22.2 Unlock the pink clip on the shift cable

22.3 Hold the selector lever in the center position by a second person

22.4 Push the pink clip back in and check that the spring automatically locks the pulley again

22.5 Check whether the selector lever is now in the center position

If not, then repeat the process until it fits

23. Recheck that the circuit is functioning correctly

24. Installation in reverse order

If you have problems with the installation or need further information, you can watch our installation tutorial on YouTube.
